What Makes G-UNIT Different

✓ Weekly Client Visits & Active Presence

We do not disappear after signing a client. For residential clients, we conduct weekly presence visits to maintain visibility and reassurance. For selected commercial and garage clients, visits may occur daily depending on risk levels.

This ensures:

- Stronger deterrence
- Familiarity with client environments
- Ongoing relationship with property owners
- Security must be seen to be effective.

✓ Local Knowledge & Area Intelligence

G-UNIT operates in the communities we understand. Our team has practical knowledge of:

- Local geography and access routes
- High-risk zones and entry points
- Known hotspots
- Demographic movement patterns
- Peak risk times

Security is not only manpower — it is situational awareness. Local knowledge improves both response and prevention.
